# EXPERT WITNESS SERVICE

## WHAT TO EXPECT

We have a range of forensic and clinical psychologists, as well as general psychiatrists and forensic psychiatrists who have the capability for the provision of expert professional testimony in court and other legal proceedings in family, criminal and civil law. Minds in Session also offers specialist expert witness services in the field of forensic Autism and ADHD.

In our role as expert witnesses, the clinical and forensic psychiatrists or psychologists at Minds in Session may work with the courts, educational bodies, occupational health, local authorities, solicitors, and private individuals. We have extensive experience advising on complex, sensitive and high-profile legal cases, aided by our years of working within the prison system and with law enforcement.

We provide risk assessments, psychological testing, personality assessments, mitigating factor assessments, and capacity assessments and recommended parental custody or visitation processes. Minds in Session offers expert professional testimony in court and other legal proceedings in family, criminal and civil law.

## **WE PROVIDE ASSESSMENTS AND REPORTS FOR:**

- Criminal cases, including sexual offences
- Domestic or intimate partner violence
- TACT (Terrorism) offences
- Group-based violence
- Stalking
- Honour-based violence
- Suggestibility
- ADHD and autism assessments
